DATAMASTER LAB AWARDS 2018

BEST FIRST COPY OUT TIME

Color A3 MFP, 40-49 ppm

This award is given on absolute results - the time it takes to deliver the first sheet in a simple copy job on a machine in a ready state. This machine does not keep its users waiting.

Cesson-Sévigné, France on January 31st, 2018.

Printer Benchmark
INDEPENDENT LABORATORY
the printing solutions experts

DataMaster Lab is completely independent and objective.

DataMaster Lab is the only European test laboratory specializing in the world of digital printing: printers, photocopiers, MFPs/MFDs, digital presses, and related software solutions. No revenue is derived from testing. All of the **DataMaster Lab** awards are derived from tests carried out by our own test teams.
