

## BEST BOOKLET PRODUCTIVITY

*Color A3 MFP, 40-49 ppm*

DataMaster Lab tests assess machine performance in real-world scenarios. This award is for productivity when the machine folds and staples media of different formats to make booklets.

Cesson-Sévigné, France on January 31st, 2018.

**Edward Bilson**  
Technical Director

**Frédérick van Gorkum**  
CEO

**DataMaster Lab** is completely independent and objective.

**DataMaster Lab** is the only European test laboratory specializing in the world of digital printing: printers, photocopiers, MFPs/MFDs, digital presses, and related software solutions. No revenue is derived from testing. All of the **DataMaster Lab** awards are derived from tests carried out by our own test teams.
