

# DATAMASTER LAB AWARDS 2018

## BEST PERFORMANCE IN WORK GROUPS

*Color A3 MFP, 60-69 ppm*

The Work Group tests analyze productivity in a busy working environment. We measure how a machine handles multiple print requests, and if it can scan and print simultaneously.

Cesson-Sévigné, France on January 31st, 2018.

Technical Director

**Frédérick van Gorkum**  
CEO

**DataMaster Lab** is completely independent and objective.

**DataMaster Lab** is the only European test laboratory specializing in the world of digital printing: printers, photocopiers, MFPs/MFDs, digital presses, and related software solutions. No revenue is derived from testing. All of the **DataMaster Lab** awards are derived from tests carried out by our own test teams.
