

# DataMaster Document Imaging Awards 2022

## Office A4 Scanner Best Overall Productivity

### Canon DR-C230 & CaptureOnTouch Pro

The Overall Productivity of a scanner depends on how quickly its software can process images performing OCR and file compression.

This scanner delivers fifteen times faster than some of its competitors with similar mechanical scan speeds.

INDEPENDENT LABORATORY  
the printing solutions experts

**DataMaster Lab** is completely independent and objective.

**DataMaster Lab** is the only European test laboratory specializing in the world of digital printing: printers, photocopiers, MFPs/MFDs, digital presses, and related software solutions. No revenue is derived from testing. All of the **DataMaster Lab** awards are derived from tests carried out by our own test teams.
