

Office A4 Scanner Best User Experience

Epson DS-730N & Epson Document Capture Pro

This scanner has a wide and intuitive range of features and functions, and also handles originals very well - compared to competing machines in the same tests in DataMaster Lab's independent laboratory.

INDEPENDENT LABORATORY
the printing solutions experts

DataMaster Lab is completely independent and objective.

DataMaster Lab is the only European test laboratory specializing in the world of digital printing: printers, photocopiers, MFPs/MFDs, digital presses, and related software solutions. No revenue is derived from testing. All of the **DataMaster Lab** awards are derived from tests carried out by our own test teams.
