

# DataMaster Document Imaging Awards 2022

## Office A4 Scanner Easiest-to-use scanner

## Brother ADS-3600W & iPrint&Scan

DataMaster Lab's Usability tests look at the machine interface, the driver and all the software provided with the product. Our test engineers evaluate machines of every brand, and these rigorous analyses are both scientific and objective.

Paul-Jacques Moreau  
CEO

**DataMaster Lab** is completely independent and objective.

**DataMaster Lab** is the only European test laboratory specializing in the world of digital printing: printers, photocopiers, MFPs/MFDs, digital presses, and related software solutions. No revenue is derived from testing. All of the **DataMaster Lab** awards are derived from tests carried out by our own test teams.
