DATAMASTER LAB AWARDS 2018

BEST BOOKLET PRODUCTIVITY

Color A3 MFP, 40-49 ppm

DataMaster Lab tests assess machine performance in real-world scenarios. This award is for productivity when the machine folds and staples media of different formats to make booklets.

Cesson-Sévigné, France on January 31st, 2018.

Printer Benchmark
INDEPENDENT LABORATORY
the printing solutions experts

DataMaster Lab is completely independent and objective.

DataMaster Lab is the only European test laboratory specializing in the world of digital printing: printers, photocopiers, MFPs/MFDs, digital presses, and related software solutions. No revenue is derived from testing. All of the **DataMaster Lab** awards are derived from tests carried out by our own test teams.
